

# Nathan David Obeng-Amoako, E.I.T.

Boston, MA | +1 (617) 935-7884 | [natdave545@gmail.com](mailto:natdave545@gmail.com) | [natdave.github.io](https://github.com/natdave) | [linkedin.com/in/natdave](https://linkedin.com/in/natdave)

## RESEARCH INTERESTS

---

- Intelligent Transportation Systems
- Advanced Traffic Signal Control
- Machine Learning and Deep Learning
- Transportation Demand Forecasting
- Transit Operations and Management
- Bicycle and Pedestrian Transportation

## EDUCATION

---

**Doctor of Philosophy in Civil Engineering (Transportation)** **Sep 2023 - Present**

Northeastern University, Boston, MA (GPA: 4.00/4.00)

**Research Advisor:** Professor Peter Furth

**Master of Science in Civil Engineering (Transportation)**

**Sep 2023 – Apr 2025**

Northeastern University, Boston, MA (GPA: 4.00/4.00)

**Bachelor of Science in Civil Engineering**

**Aug 2018 - Sep 2022**

Kwame Nkrumah University of Science and Technology (KNUST), Kumasi

**Recognition:** Best Graduating Student, Class of 2022

## RESEARCH EXPERIENCE

---

**Graduate Research Assistant, Northeastern University, Boston, MA** **Sep 2023 - Present**

- Development of advanced traffic signal controls and simulations
- Investigation of barriers to low-stress bicycle network connectivity

**Research Assistant, Dr. Tutu's Lab, Civil Engineering Dept., KNUST**

**Jan 2022 - Sep 2022**

- Empirical investigation of aggregate retention benefits of waste-modified asphalt
- Analysis of mechanical and durability properties of asphalt mixtures

## SPONSORED RESEARCH PROJECTS

---

**Project:** Bicycle Level of Traffic Stress at Intersections (xLTS)

**Jun 2024 – Present**

**Funding Agency:** United States Department of Transportation (USDOT)

- Assessing the impact of high-stress crossings on bike network connectivity
- Developing algorithms and data structures for traffic stress network analysis

**Project:** Accessible Bus Stop Design in the Presence of Bike Lanes

**Sep 2023 – Jun 2024**

**Funding Agency:** Massachusetts Department of Transportation (MassDOT)

- Studied bus rider and bicyclist behavior at floating and constrained bus stops
- Proposed design improvements to reduce bus-rider-and-bicyclist conflicts

## JOURNAL PUBLICATIONS

---

### Submitted and under peer review:

- 2025      1. J. K. Asamoah, B. A. Kyem, **N. D. Obeng-Amoako** and A. Aboah. SAAM-ReflectNet: Sign-Aware Attention-Based Multitasking Framework for Integrated Traffic Sign Detection and Retroreflectivity Estimation. *Expert Systems With Applications*.
- 2024      2. P. Furth, R. Saeidi-Razavi, **N. D. Obeng-Amoako** and M. Tahmasebi. TSP-Friendly Underlying Traffic Signal Control, An Essential Complement of Transit Signal Priority. *IEEE Transactions on Intelligent Transportation Systems*.

### Submitted and under internal review:

- 2025      3. **N. D. Obeng-Amoako**, K. A. Tutu, A. L. Senaya, B. N. Kassim, F. Owusu-Ansah, E. Damoah, and S. Worclachie. Modification of Bitumen with Waste Materials for Enhanced Aggregate Retention in Chip Seal Roads. Kwame Nkrumah University of Science and Technology, Kumasi, Ghana.

## CONFERENCE PRESENTATIONS

---

- 2025      1. Yu-Min (Thomas) Yanga, Dewan Tanvir Ahammed, **Nathan David Obeng-Amoako**, Eleni Christofa, Chengbo Ai, and Peter Furth. Design Guidelines for Accessible Floating Bus Stops. *International Conference on Transportation and Development 2025, ASCE*, Glendale, AZ.
- 2024      2. Yu-Min (Thomas) Yanga, Dewan Tanvir Ahammed, **Nathan David Obeng-Amoako**, Eleni Christofa, Chengbo Ai, and Peter Furth. (April 2024). Accessible Bus Stop Design in the Presence of Bike Lanes. Poster. *2024 MassDOT Transportation Innovation Conference*, Worcester, MA.
- 2023      3. **Nathan David Obeng-Amoako**, Arthur Louis Senaya, Bundu Kassim, Francisca Owusu-Ansah, Eugene Damoah, Santus Worclachie, and Kenneth A. Tutu. (April 2023). Modification of Bitumen with Waste Materials for Enhanced Aggregate Retention in Surface-Dressed Roads. Lectern. *3rd IRF Africa Regional Congress & Exhibition*, Accra, Ghana.

## RESEARCH REPORTS

---

- 2024      1. Eleni Christofa, Chengbo Ai, Peter Furth, Yu-Min Yang, Dewan Tanvir Ahammed, and **Nathan David Obeng-Amoako**. (2024). *Accessible Bus Stop Design in the Presence of Bike Lanes*. Massachusetts Department of Transportation (MassDOT), Office of Transportation Planning. Report No. 24-060.

## JOURNAL REVIEWS

---

1. Transportation Research Board

Aug 2024 – Present

## SELECTED GRADUATE-LEVEL TERM PAPERS

---

- Fall 2024      **Assessing the Impact of Electric Bikes on Urban Mobility in Boston**  
Analyzed Greater Boston's Bluebikes data to evaluate the impact of electric bicycles on mode choice and urban transportation dynamics. Applied statistical models to assess changes in demand for public bike-sharing systems.
- XGBoost-Driven Demand Prediction for Optimized Electric Vehicle Charging**  
Developed an integrated framework combining predictive modeling and optimization techniques to enhance the efficiency of electric vehicle charging infrastructure, leveraging the Adaptive Charging Network dataset from Caltech.

## TEACHING EXPERIENCE

---

### Northeastern University, Boston, MA

- Summers of      **Teaching Assistant, Sustainable Transportation Summer School Program**  
2024, 2025      Location: Technische Universiteit Delft, The Netherlands
- Facilitate logistical, academic and evaluative support for an intensive 5-week program
  - Assist in teaching Vision Zero safety principles to 25 students
  - Explore strategies for car-free and car-lite zones to enhance active transportation

- Fall 2024      **Graduate Teaching Assistant, Statics and Solid Mechanics**
- Tutored fundamental concepts of Newtonian physics and solid mechanics
  - Evaluated students' test performance and offered comprehensive feedback

### Kwame Nkrumah University of Science and Technology, Kumasi, Ghana

- Spring 2022      **Teaching Assistant, Irrigation & Drainage Engineering**
- Activity-oriented instruction of drainage design using *Autodesk Civil 3D*®
  - Development of course outlines and preparation of lecture materials

## HONOURS AND AWARDS

---

- |  |                    |
|--|--------------------|
| • Civil and Environmental Engineering Distinguished Fellowship Award               | <b>Aug 2023</b>    |
| • Associated Consultants Ltd. Award for Best Graduating Student, KNUST             | <b>Jul 2023</b>    |
| • Provost Award for Excellent Students in College of Engineering, KNUST (4 times)  | <b>2019 - 2022</b> |
| • Provost Award for Excellent Students in College of Engineering, KNUST (4 times)  | <b>2019 – 2022</b> |
| • Academic Excellence Award, Ghana Engineering Students' Association, Ghana        | <b>Sep 2022</b>    |
| • Global Finalist, Unilever Future Leaders League Business Pitch Competition, U.K. | <b>Jul 2022</b>    |
| • Finalist, African Climate Adaptation Innovation Challenge, Ghana                 | <b>Mar 2022</b>    |
| • Scholar, Tullow Oil Scholarship Scheme, Ghana                                    | <b>Apr 2019</b>    |
| • Semifinalist, National Science and Maths Quiz (NSMQ), Ghana                      | <b>Jul 2018</b>    |

## PROFESSIONAL EXPERIENCE

---

- |   |                            |
|---|----------------------------|
| • Assistant Civil Engineer, BHM Construction Int'l UK Ltd., Tema        | <b>Nov 2022 – Jul 2023</b> |
| • Civil Engineering Trainee, China Henan Int'l Corporation Ltd., Kumasi | <b>Sep 2021 - Dec 2021</b> |

## CERTIFICATIONS

---

- **Engineer-in-Training (EIT) certification (FE Civil)** – ([Verify](#)) **Sep 2024**  
Massachusetts Board of Registration of Professional Engineers & Professional Land Surveyors
- **Basic Life Support (CPR & AED) Provider** – ([Verify](#)) **Apr 2024**  
American Heart Association

## RELEVANT SKILLS

---

- **Python, R, MATLAB** machine learning, deep learning, advanced data analysis
- **PTV Vissim/Vistro** traffic flow simulations, traffic signal analysis, traffic impact analysis
- **Synchro** traffic flow modeling, traffic signal timing optimization
- **ArcGIS, QGIS** mapping, visualizing and analyzing spatial data for informed decision making
- **AutoCAD** precision drafting and technical drawings, 2D and 3D des
- **HTML/CSS/JavaScript** developing web applications
- **Minitab, MS Excel** data visualization, statistical computing, data organization

## SELECTED NEWS AND PRESS

---

1. College of Engineering, Northeastern University. (August 2024). “PhD Student Reflects on the Sustainable Transportation Dialogue of Civilizations in Holland.” <https://coe.northeastern.edu/news/a-reflection-on-the-sustainable-transportation-dialogue-of-civilizations-course-in-holland/>
2. Twitter. (June 2024). “Transit-friendly traffic signal timing can reduce MBTA Bus 39 delay by 90% at two intersections” by Peter Furth. <https://x.com/PeterFurth/status/1801694153098858812>

## PROFESSIONAL MEMBERSHIP

---

- American Society of Civil Engineers (ASCE) **Feb 2025 – Present**
- Boston Society of Civil Engineers Section (BSCES) of ASCE **Feb 2025 – Present**
- New England Intelligent Transportation Society (NEITS) **Sep 2023 - Present**
- Institute of Transportation Engineers (ITE) **Jan 2024 – Present**

## LEADERSHIP EXPERIENCE

---

- **Department Rep., College of Engineering. PhD Council, Northeastern Univ.** **Jun 2024 – Present**
  - Meeting with advisor to discuss novel ways of improving student experience
  - Organizing weekly coffee hours and semesterly happy hours for PhD students
- **Executive C’ttee Member, CEE Graduate Student Council, Northeastern Univ.** **Feb 2024 – Present**
  - Brainstorming and implementing strategies to enhance graduate student experience
  - Serving as a liaison between the departmental chair and the graduate student body

## LEADERSHIP EXPERIENCE (cont'd)

---

### **Communications Director, Young Professionals and Youth Coalition, Ghana**

**Jan 2021 - Dec 2021**

- Social media management to curate consistent communications content
- Organization of in-person and virtual engagements with members and partners

### **President, Civil Engineering Students' Association, KNUST**

**Feb 2020 - Sep 2021**

- Coordination of fundraising events to secure administrative equipment
- Establishment of academic support scheme for underachieving students

## VOLUNTEER EXPERIENCE & COMMUNITY INVOLVEMENT

---

- **Cycling Activist**, Boston Cycling Union, Boston, MA

**Feb 2025 – Present**

- **Executive Vice President**, Student Energy Society, KNUST

**Jan 2022 – Oct 2022**

- **Community Outreach Coordinator**, Nat'l Society of Black Engineers, KNUST

**Jan 2022 – Sep 2022**

- **Project Coordinator**, Engineers Without Borders, KNUST

**Aug 2021 - Jul 2022**
